

Why are Jews so hated?

By Haim Levi

The answer to this question is an ancient one, with roots so Satanic and deep, that for 2000 years even the Church has not been spiritual enough to see it. Sadly enough, that hatred has been shared by most of the old, so-called Church fathers. In fact, most of them were instigators, welcoming and encouraging the most inhumane and bestial persecution of Jews in Europe. There is no denying it—their own writings give them away.

The beginning of hate in Genesis

The genesis of this hatred was birthed right from the moment the Lord called father Abraham in Genesis 12:3, when He said He was going to make of Abraham a new nation. It was to be a nation created specifically by the Lord God with a new nature and characteristics that He was going to give it. What are the characteristics of any Nation?

1. It is a people
2. This people have a land
3. They have a constitution (The Torah/Bible)
4. They have a national heritage
5. They have a culture
6. They have their own style of dress
7. They have a flag
8. They have a special way of cooking and eating
9. They have their own language
10. They have their own music
11. They have their own capital city

God gave this nation's culture and traditions, and He was and He was going to see that nobody was to undermine it or hurt it. Those who would dare try would be cursed and those who would bless it were going to be blessed (Genesis 12:3). The history of the world is littered with the ruins of all nations that have dared to try to hurt Israel: Egypt, Babylon, Persia, Greece, Rome, the Byzantine Empire, Spain, England, Germany, Poland, Russia, Hungary, Czechoslovakia, and even Colombia, Mexico, Peru, and others.

Satan's attempts to kill us

God makes it clear to Abraham right from the very beginning. And Satan naturally knew it too. The reason was that through that Nation of God, the earth was going to be blessed. Prior to that in Genesis 3:15, He said to Satan that He was going to place an eternal war between Satan's followers and the children of the woman, which is Israel, God's bride. When the Lord uses the word "heel" in this verse, that was going to be wounded by Satan, he uses the Hebrew word EKEV, the same root of the Hebrew word for Jacob, or YAKOV.

There have always been two ways to kill the Jews:

1. The first was by killing us when we refused forced conversion.
 - a. Killings by the Christian Crusaders
 - b. Killings by the Inquisitions in Spain and Portugal
 - c. Killings by Polish, Russian, Hungarian, English, French and Italian pogroms
 - d. The North, Central, and South American Inquisitions of the 1500s and 1800s
 - e. The Nazi Holocaust
2. The second way is through corrupt doctrine:
 - a. Through forced indoctrination to cause Jews to assimilate into the local national culture and to abandon the old God-given ways once we come to Yeshua

- b. With strong teachings against keeping the Lord's Sabbath
- c. With teachings against His Torah, His Holy Instructions, calling them bondages
- d. Teachings against His Holy seasons, the Lord's holidays of Leviticus 23
- e. Teachings against His dietary and nutritional laws
- f. Teachings against our Talmud and the writings of our fathers.

Set apart even today

So here we are, 4000 years later and still people get upset when Jews have different traditions, even because we eat in a unique manner. We do not eat certain things because God instructed us not to eat any unclean animal. It is simple obedience. Yes, He commanded us not to eat any creature that eats fecal matter, eats dead creatures, or who drink urine, such as the vulture. The people of the world knew about the clean and the unclean things long before the Great Flood.

And yes for that reason, millions of our people have been killed during all these years. And yes, when we come to see our blessed Messiah Yeshua, the first thing we are asked by some in the churches, not all, thank God, is:

“And now brother, now that you know Jesus Christ, why do you insist on following all the Old Testament commandments? You are free now. Be happy. Do not be submitted to all the old laws.”

How interesting that no one ever thought to ask, **“What would have happened if all Jews had assimilated 2000 years ago? Would there be any Israel to return to in the end of days?”**

Revealing the heart through Hebrew

How revealing that the word by which all who hate Israel and the Jews is the word *anti-Semite*. The word *Semite* is derived from the Hebrew word *Shem*, meaning **Holy blessed name**, referring to **God Himself**. Thus, when we say *HaShem*, we are saying *The Name*, the Lord of Heaven and earth, the creator of all we know and see and ever will be. Thus, to be anti-Semitic is to be anti-God! A Jew hater is a hater of God, which includes all teachers of Church replacement theology.
